### Friday Night Festival ~ Challenge Cup Races

“Challenge Cup Races” allow teams from similar backgrounds or industries to compete against each other for the best time and bragging rights. The team with the fastest time in each challenge category will receive an award during the closing ceremonies.

Check the categories below. Select the one that best fits your team. The Festival organizer reserves the right to assign teams to a different challenge class if required.

Teams may only participate in **one** Challenge category; 70% of the paddlers (14 out of 20) must meet that category criterion to participate. Each race is approximately 250 m, designed to get everyone into competitive spirit and have some fun!

### TEAM DESCRIPTION

Provide a team description of 75 words or less to be used in the Festival program and by the announcer at the Festival. Longer entries may be edited.

### Sprint Races

The annual Sprint Races are held at Rafter’s Landing in July. This fun-filled 250 m race allows the trainees in our Steering program to obtain required race experience as part of their certification. These races are informal, may consist of combined teams and everyone competes for bragging rights.

- Yes! Sign us up to participate in the Sprint races – keep us informed of the date!
